LETTER OF RECOMMENDATION

To whomsoever it may concern

I am writing to share that **Mr. Sahil R.(Emp. No: 24097)** has been a valuable asset during his term, from **02 December 2020 to 29 January 2021**, in the capacity of a **UX Design Intern** as part of a Winter Internship for Tata Elxsi.

During his time with us, Sahil worked to assist the team in developing usability insights and design prospects for our Production HMI project, through intensive UX Research, further converting the same into applicable creative outputs through effective prototyping. He is an enthusiastic learner and a creative thinker, always trying to demonstrate and utilize his curiosity via innovative and commendable expressions.

I am extremely impressed with Sahil's growth throughout his term, his desire to learn and to go the extra mile to complete a task. He is always willing to take up new challenges, and then act on them with immense vigor.

I volunteer to write this recommendation for Sahil, because of his ability to learn swiftly, commendable work ethic and creative problem-solving skills, that make him an excellent designer, that can add value to whatever he contributes towards.
